

# Holy Unction Social Story

I wait my turn in line to see the priest.

I need to have my body and hands ready.

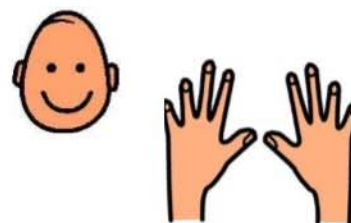

I have my hands out, with my palms facing up.

The priest will anoint me with Holy Oil on my forehead, my chin, my cheeks, and on my hands.

The priest will ask me to flip over my hands to make sure the Holy Oil gets on both sides.

It will not hurt me, it may even tickle!

I know I will do a great job receiving Holy Unction!

Here are some pictures of people receiving Holy Unction! They did a great job too!
