National Commitments Committee

Chair: Athena Kalyvas

Co- Chair: Harriet Stoukas

Members: Philippa Condakes, Bessie Drogaris, Debbie George, Athena Kalyvas, Martha Stefanidakis, Harriet Stoukas, Georgia Vlitas, Sharon Whitman

May 23, 2023

The Committee is comprised of Philoptochos National Board members who are very well versed on the history of the National commitments and can offer a complete explanation as to why the commitment was requested from the Philoptochos membership.

The National Commitments Committee has met monthly since March 2023 initially to determine the expectations of the task at hand. Currently, the Committee selects two National Commitments each month to determine the following:

- 1) History/purpose of the commitment
- 2) Current relevance
- 3) Is the commitment still needed?

Once we have reviewed all the Commitments, the Committee will provide a recommendation/report to the Executive Board for consideration prior to the 2024 National Board meeting.

Respectfully submitted,

Athena Kalyvas
Chair
